Do you have questions about Virtual Exchange? An issue you'd like to discuss? What steps are your peers taking towards internationalization and virtual exchange? What kind of support are they receiving, and what challenges do they face? Do you want to meet new people and hear the latest ideas in the field?

If so, then be sure to join CoVE's 1st Virtual Lean Coffee, where the **topics are raised and driven by participants**. This is a perfect opportunity to connect and interact with like-minded colleagues.
